

UV-Aire 16/24

# It's like having a germ zapper in your home's air duct.

*Exactly like it.*

When we install a UV-Aire ultraviolet air purifier in your central heating and cooling system, you'll have a germ killing, mold fighting, and fungus thwarting machine working for you 24 hours a day, 7 days a week. It silently and effectively purifies the air throughout your entire home. Zap!

Any home. Anywhere. UV-Aire®
